

EMAC Access Panels

# EMAC access panels

SAS International designs and manufactures a range of high quality Access Panels to meet your access needs affordably. Manufactured to the highest standards, our EMAC Access Panels offer quick and simple installation combined with durable and attractive finishes.

The core range's frames and doors are interchangeable\*, offering huge flexibility in application. This feature minimises

costs if panels have been ordered incorrectly and frames are already skimmed on site. We can offer a replacement door, ex-stock for next day delivery saving you time and money.

SAS EMAC Access panels offer you a great product at a competitive price. From basic access requirements to best in class fire and acoustic performance, our range delivers everything you need..
